

Verify is a leading provider of supplier quality, supply chain management, and technical support services for aerospace, high-technology, and quality critical applications. Unique capabilities combine to create powerful cost-effective solutions.

EXPERIENCE

With over 30 years of experience partnering with world-class companies, Verify provides an unrivaled level of service – focusing on total customer satisfaction at every stage of the business process.

SERVICE PRODUCTS

Verify offers industry best practice or customized service products to meet unique customer requirements. All service products are designed, managed, and supported by in-house experts.

WORLDWIDE QUALIFIED RESOURCES

Drawing from an extensive, international network of specialists dedicated to the global supply chain, Verify can quickly and effectively deploy support services anywhere in the world.

PROGRAM MANAGEMENT

Every program is managed by a Verify Project Leader who is accountable for program performance. Customers always receive a quick and accurate response from a proven industry professional.

GLOBAL FIELD COORDINATION

Verify coordinates assignments 24 / 7 from its worldwide office locations, ensuring next-day coverage for scheduled requirements and same-day coverage in emergencies.

ONLINE SOLUTIONS – REAL-TIME DATA

Verify's Online Data Management System provides real-time access to project status and results. Customers can track the progress of their assignments as they happen.
